## This Vehicle's Glossary

Below are the specific definitions for events that appear in this vehicle's report.

More information is available in the full [AutoCheck glossary](#).

<b>Term</b>	<b>Section Location</b>	<b>Definition</b>
Salvage	Title and ProblemCheck	A salvage vehicle is a vehicle that has been wrecked or damaged beyond repair; declared a total loss by the insurer; or declared a total loss by reason of theft. When an insurance company as a result of a total loss settlement acquires a vehicle, the insurance company must apply for a Salvage Certificate. If the owner retains possession of a salvage vehicle, the owner must obtain a Salvage Certificate before receiving a total loss statement from the insurance company.
Insurance or probable Total Loss	Title and ProblemCheck	This vehicle was reported an insurance loss or probable total loss due to an accident or theft.
Rebuilt/Rebuildable	Title and ProblemCheck	The vehicle was a salvaged vehicle that was refurbished with new or used parts. An affidavit of repair from the rebuilder or individual making the repairs, stating what repairs were made to the vehicle and that the vehicle is now rebuilt and road operable, may be required to obtain a rebuilt/rebuildable title. These vehicles must also pass a state safety inspection before being allowed back on the road.
Accident or Vehicle Damage	Vehicle Use and EventCheck	Reported accidents or damage events are a result of vehicle collisions or other non-collision incidents such as vandalism or theft. Not all accidents or damage events are reported to AutoCheck. Certain accident or damage events are reported by the source to have resulted in minor, moderate or severe damage to the vehicle, or the events are calculated by AutoCheck to have resulted in minor, moderate or severe damage based on the information reported. It is recommended to have pre-owned vehicles inspected by a third party prior to purchase.
Emission/Safety Inspection	Vehicle Use and EventCheck	An approved emission testing station has inspected the vehicle to measure the amount of pollutants the vehicle emits into the environment.
Loan/Lien	Vehicle Use and EventCheck	A loan/lien is the legal right to take and hold or sell the vehicle of a debtor as security or payment for a debt. Normally, a vehicle will have a lien due to a loan or unpaid repair bill against the vehicle. Check with the seller to ensure that the lien has been satisfied.
Fleet, Rental and/or Lease Use	Vehicle Use and EventCheck	The vehicle has been reported as used as a fleet, rental, and/or lease vehicle.
